I have the honour to acknowledge receipt of your No.3633 dated 19th/20th instant, and in reply thereto beg to say that it has not been intimated to me that further repairs to Carr Road have become necessary owing to the filling of Sonnakuppa Tank by Tailings from this and the Ooregum Mines. In order to obviate this expenditure, the Companies concerned, in consultation with the Deputy Commissioner and the Executive Engineer, erected bunds &c. to protect the road from damage, && and I fully understood this had proved efficaceous.
